HARARE

MINISTRY OF LOCAL GOVERNMENT AND PUBLIC WORKS
23 JUL 2025
P. BAG 7755, CAUSEWAY

23 July 2025

The Town Secretary
Ruwa Local Board

APPROVAL FOR ECOLIFE GREEN SERVICES (PVT) LTD TO IMPLEMENT A PILOT PROJECT ON WASTE MANAGEMENT USING ELS NANO TECHNOLOGY.

The above subject matter refers.

The Ministry confirms receipt of a formal request from Ecolife Green Services regarding the implementation of a Pilot Project utilizing ELS Nano technology for water treatment with Ruwa Local Board. Please be advised that the Ministry has granted Ecolife Green Services (Pvt) Ltd the green light to proceed with this initiative in collaboration with your Local Authority. The pilot project is expected to demonstrate the efficacy of the ELS Nano technology.

Ecolife has successfully made prior engagements with the Environmental Management Agency (EMA), which has provided approval for the importation of the ELS solution, citing the project's potential positive impact on environmental protection and improved water quality. Furthermore, discussions with the Ministry of Environment, Climate, and Wildlife have resulted in a rebate for the equipment needed for this project. The equipment is already imported and is currently in the country.

Given this background, the Ministry recognizes the potential benefits of permitting Ecolife to advance with the pilot project alongside Ruwa Local Board. We however do encourage the Council to proceed with due diligence prior to finalizing any commitments. The Ministry will remain engaged throughout this process, offering guidance and support as needed.

sincerely,

K. Ncube

FOR: SECRETARY FOR LOCAL GOVERNMENT AND PUBLIC WORK
